BATTLE IN OKLAHOMA.

Factional Political Differences Result in Bloodshed.

SIX PERSONS KILLED THUS FAR.

Another Fight Expected at Any Moment Between the Friends of Governor Moseley and His Opponents—A Special Session of the Legislature Called.

GUTHRIE, O. T., April 18.—Couriers just arrived here from Tishomingo, the capital of the Chickasaw nation, report that a battle is raging between Governor Moseley and 200 insurrectionists. Six people have been killed and eight wounded, so the report says, and the greatest excitement prevails. The cause of the trouble is due to bad political blood, which has long pervaded the Chickasaw seat of government, and has existed since the legislature ignored Willis Brown, Charles Brown and Noah McGill, who claimed to have been duly elected sheriffs of the nation, alleging that the legislature did not have authority to reject their claims to such offices.

On Tuesday morning Governor Moseley issued orders to all sheriffs, constables and deputies throughout the nation to report to him at once with arms. When the officers gathered around the house 200 enraged men, headed by McGill and the Brown brothers, rushed from adjoining houses, and a deadly riot followed. The names of the dead and wounded could not be ascertained by the couriers, owing to the great excitement which prevailed.

Governor Moseley and his official retinue escaped by rushing to houses on the outskirts of the town. Moseley has called a special session of the legislature to take action. Tishomingo is now in a terrible state of excitement, and white people are fleeing. Another fight is looked for at any moment.

The Dominion Government Sustained.
TORONTO, April 18.—The election which took place in Haldimand yesterday to fill a vacancy in the Dominion parliament was more important than is usual with a bi-election, from the fact that it is the first time that an Ontario constituency has spoken since the order was issued from Ottawa suggesting relief for the Roman Catholic minority in Manitoba. Dr. Montague, who takes the portfolio of secretary, represented the Dominion government, and Jeffrey McCarthy solicited the Orange vote as a protest against interference with provincial rights. In the last election Dr. Montague had a majority of 78. Yesterday Montague's majority was 647.

Break in the Iowa Miners' Strike.
OTTUMWA, Ia., April 18.—A break has come in the coal mining trouble. The troops have been withdrawn from Cincinnati, and many miners are going to work. Word comes from Boone county to the effect that 500 men went to work with each operator paying what he pleases. The miners at Hilford agreed at a meeting to

resume work at the old scale until a new scale is agreed upon, and went into the mines this morning.

Murdered by Her Paramour.
MORGAN CITY, La., April 18.—Adolph Scheurrick, a member of the Boyland protective police in New Orleans, shot Mallie Francisco three times in the head, killing her. He then placed the revolver against his temple and killed himself. He leaves a wife and four children in New Orleans. The woman also leaves four children. She deserted her husband for Scheurrick some months ago.

Not Guilty of Attempted Train Wrecking.
MAY'S LANDING, N. J., April 18.—Fred Gondora, Pospello and Peter Quardino, the three Italians who were arrested for an alleged attempt at train wrecking on the Camden and Atlantic railroad in February last, were put on trial here yesterday. The jury, after four hours' deliberation, acquitted all of them.

Colliery to be Closed Down.
WILKESBARRE, Pa., April 18.—The Coleridge colliery, one of the oldest in the Lehigh region, will shut down on Saturday for an indefinite period, owing to the low price of anthracite coal. The colliery has a capacity of from 1,000 to 1,200 tons daily.

Waylaid and Brutally Beaten.
PHILADELPHIA, Pa., April 18.—James Heath, one of the auditors of Rush township, residing at Sandy Ridge, was waylaid and brutally beaten last Tuesday night while on his way home by a gang of men who had taken umbrage at his refusal to pass upon certain accounts of Overseer of the Poor Austin Linn. Heath's condition today is regarded as critical. He would probably have been killed outright had it not been for the opportune arrival of his son William, who attacked and routed the gang.

Reopening Discarded Oil Wells.
UPPER SANDUSKY, O., April 18.—The oil boom has caused a fresh impetus to operations in this section. The Standard Oil company has instructed its employees to reopen and start up all the wells owned by the company. This means that scores of wells that the Standard a year or so ago considered valueless will now be operated. The company is even re-leasing land which they threw up months ago.

Fatal Scuffle for a Gun.
NEW CASTLE, Pa., April 18.—Asa Paine, Jr., was shot and killed by Charles Umbright. The boys, in company with two others, were hunting ducks along the Shenango, when Paine and Umbright began to scuffle for possession of the gun. It was discharged, the shot taking effect in Paine's right hip. He bled to death in twenty minutes.

Pennsylvania's Democratic Chairman.
HARRISBURG, April 18.—The state Democratic committee met here yesterday to select a chairman. There were only six absentees out of eighty-nine committee men. The result was a complete victory for the friends of Mr. Harry, Robert E. Wright being chosen chairman without opposition.

THE 'FRISCO CHURCH MURDERS.

Only Circumstantial Evidence Against the Accused Medical Student.

SAN FRANCISCO, April 18.—The Emanuel church murders are still the main topic of discussion on every side in this city. Notwithstanding the fact that one or two newspapers have tried and convicted Durant of the frightful crimes, there seems to be a reaction in favor of the young man. The evidence so far produced against him is only circumstantial, and while the police say they have enough evidence to convict ten men, it is doubted if any jury would find Durant guilty, unless further conclusive proof is furnished. The young medical student does not act like a guilty man, and if he did commit the murders he certainly is a man of remarkable nerve. Last night he slept well, and he has a good appetite. He continues to assert his innocence, and his whole demeanor is that of a man confident of proving it when the time comes.

The inquest over the remains of Minnie Williams was continued yesterday. A. H. Williams, the father of the murdered girl, testified that she had said to him that Durant had not treated her right, but she did not go into details. He identified the pocketbook found in Durant's pocket as one he had given his daughter. The testimony of the witness who claimed to have seen Durant and Miss Williams entering the church early Friday evening was rather vague.

The funeral services over the body of Miss Williams were held in the First Baptist church. An immense crowd attended. George King, who says that he found Durant in the church the day Miss Lamont was murdered, was one of the pallbearers. Rev. Dr. Gibson was also in attendance. Rev. Dr. Boyton made a brief address, referring to the murders, and many of the women present wept. The body of Miss Lamont was shipped to her home in Dillon, Mont., yesterday.

No Trouble Feared at Nicaragua.

WASHINGTON, April 18.—So far as the state department knows Great Britain has not rejected Nicaragua's proposition, made in answer to the British ultimatum, to submit the claims for indemnity to arbitration. The British embassy and the Nicaraguan legation here are also without information on this point, although they have taken steps to ascertain the truth. It is still believed here that Great Britain will not act hastily in the matter, and at the state department there is an impression that no serious trouble will ensue.

Mill Workers Get an Increase.

PROVIDENCE, April 18.—The first break of Providence manufacturers was made yesterday, when the Dyerville cotton mills announced a 5 per cent. increase in wages. This will prevent the operatives from joining the Olneyville movement. This action was taken after a consultation between a committee of the operatives and Superintendent Mowry, of the mills.

No Hope for Dr. Buchanan.

WASHINGTON, April 18.—The supreme court of the United States denied the application of Robert W. Buchanan, of New York, for a writ of error and supersedeas. The decision was read by Chief Justice Fuller. Buchanan is under sentence of death for wife murder, and unless Governor Morton interposes Buchanan will be electrocuted on Monday next.

A Detective's Attempt at Suicide.

ROCHESTER, N. Y., April 18.—Detective Thomas Dukelow, of the Rochester police department, while sitting in the detectives' private room last night, drew a revolver from his pocket and shot himself in the head four times. It is said he cannot live. He had been suffering with ill health for a long time, and that is supposed to have prompted the act.

Andrew Carnegie's Gift to Pittsburgh.

PITTSBURGH, April 18.—The Commercial Gazette announces that Andrew Carnegie has donated \$100,000 to build a monument to Mrs. Mary E. Schenley, of London, Eng. The monument is to be erected under the triumphal arch at the entrance of the park of 400 acres, which Mrs. Schenley presented to this city, and which bears her name.

An Episcopal Bishop Married.

ECFALA, Ala., April 18.—At 8 o'clock Rt. Rev. E. M. Jackson, Episcopal assistant bishop of Alabama, was united in holy wedlock to Miss Carrie Toney Cochran. The ceremony was performed by Rt. Rev. Bishop R. H. Wilmer. A large and fashionable crowd was in attendance, including Governor Oates, the uncle of the bride.

Washout Causes a Railroad Wreck.

RICHMOND, Va., April 17.—Train No. 35, which left Richmond at 7:13 last night over the Atlantic Coast line, was wrecked on the Northeastern road within about six miles of Florence, S. C., early this morning. A washout was the cause of the accident, and two sleeping cars were burned. No one was seriously injured.

Wounded in a French Duel.

PARIS, April 18.—A duel with swords was fought between two well known writers, Jules Huret and Catulle Mendes, arising from the fact that the former connected the latter's name with that of Oscar Wilde. M. Mendes was slightly wounded.

NUGGETS OF NEWS.

Russell Sage, the banker, is seriously ill at his home in New York.

Secretary Carlisle will address the sound money convention at Memphis May 23.

The Third brigade of Pennsylvania militia will encamp at Mt. Gretna, Aug. 3 to 10.

Ex-Governor Fitzhugh Lee has been appointed by the president as collector of internal revenue for the Sixth district of Virginia.

"Dynamite" J. W. Hicks, the bogus priest who assailed Catholicism and was jailed at Pine Bluff, Ark., for profanity, was released on paying \$100 and costs and promising to leave town.

GREENHUT BELLIGERENT.

The President of the Whisky Trust Deposed by the Stockholders,

BUT WILL MAKE A LEGAL FIGHT.

He Denounces the Charges of Mismanagement and Malfeasance, and Brings Suits for Heavy Damages Against Several Directors of the Trust.

PEORIA, Ill., April 18.—The whisky trust reorganization committee carried yesterday's annual stockholders' meeting of the Distilling and Cattle Feeding company by storm, and when they adjourned had deposed ex-President Greenhut, elected a full board of directors and empowered the board to take any necessary action towards recovering from the trust's late officials any property that may be due to the corporation.

But Mr. Greenhut was not at all docile, being present at the meeting with objections at every turn, refusing to resign as director, and before adjournment he personally superintended the serving of papers in eleven libel suits of \$50,000 each. The suits were served upon the members of the reorganization committee, Messrs. R. B. Hartshorn, John I. Waterbury, F. W. Lockwood, Jules Bache and W. E.

J. B. GREENHUT.

Hutton, and upon Attorney Levy Mayer of Chicago. Attorney Nathan Bijur of New York. Receiver John McNulta and the three experts who have been examining the trust's books. The ex-president further made the session interesting by reading a decidedly warm annual report, and by intimating that he intended to fight the new management to a finish.

The following is the company's new directorate: Samuel M. Rice, Walter M. Schefel and T. H. Wentworth of New York; J. M. Hutton of Cincinnati; William J. Meyer, John M. Mott and Floyd E. Jennison of Chicago.

As there was no quorum of directors present the election of officers will be held in Chicago in the near future, when Samuel M. Rice, of New York, will very probably be chosen to succeed Joseph B. Greenhut as president.

There was no fight over the election, the slate having been prepared in advance, and Greenhut's attorney simply gave notice that the election of seven men was illegal, as the ex-president had not yet resigned.

In his annual report Mr. Greenhut declared his accusers to be slanderers and falsifiers, denied absolutely all charges of mismanagement, and asserted that the present receivership is proving disastrous to the company.

The report was in part as follows: "The recent very general, oft repeated accusations and charges against myself and fellow directors, I wish here to stigmatize as false, malicious and untrue, and I trust that time and opportunity will soon be at hand when the utter groundlessness of these slanderous charges can, and will be established, and the slanderers dealt with as they deserve."

"After the receivers were appointed I personally gave them all the assistance desired, and should have continued to do so but for the unwarrantable and unjustifiable assault upon me personally by breaking into my safe and examining my papers. I propose to resent this indignity and encroachment upon my private rights to the fullest extent of the law."

"It is a well known fact that the receiver has been, or will be in the future, a heavy loser. The receiver maintained the combination prices, and stored his goods, while competing distilleries unloaded their stock at paying prices, leaving the receiver at the date of the disruption of the pool recently with his manufactured product on hand, to be sold at less than cost, while his competitors, selling their goods at a profit while he was maintaining prices, can now afford to, and undoubtedly will store, while the goods of the company are being put upon the market at a loss."

The defendants in the Greenhut libel suits professed to be much amused by the affair. "It is a childish and foolish act," said Levy Mayer. "Of course we all feel very sorry for each other, and particularly for General McNulta, but the whole thing will come to naught."

Oil Takes a Downward Jump.

PITTSBURGH, April 18.—The break in the oil market came at 2:30 yesterday afternoon, and it descended upon the Pittsburgh exchange like a thunder storm. The market had been hovering about 2.63 all the afternoon, but at 2:30 the slump began, and in a short time it had gone from 2.63 to 2.10. This was within a few minutes of closing time, and it rallied seven points, closing at 2.17. Similar reports came from all other sections.

Providence Weavers on Strike.

PROVIDENCE, R. I., April 18.—About thirty weavers in the Geneva mill struck yesterday. They said they left because the weavers are being discharged one by one and an attempt was being made to freeze them out. Owner Uhlman stated that he had no orders and consequently could offer no employment. The question of wages was not involved.

THE CASE OF EX-CONSUL WALLER.

Our Government Will Demand His Release and an Explanation from France.

WASHINGTON, April 18.—The state department has by no means abandoned the case of John L. Waller, the colored ex-United States consul to Madagascar, who is now imprisoned in Madagascar under sentence of French court martial, and as soon as it has completed the preparation of the data supplied by the United States consuls at Tamatave and Port Louis the case will be brought to the attention of the French government by Ambassador Eustis.

JOHN L. WALLER.

The facts which the department expects to prove as a basis for this action are: First, that Waller is an American citizen; second, that he was not guilty of any improper interference between the French and the Hovas; third, that even if he were, he had not been accorded the fair trial to which he was entitled, the court martial proceedings being oppressive in every respect; and lastly that Waller has been harshly treated and has been the object of persecution, because he stood in the way of the holders of concessions.

Wealthy Anarchists Evading Law.

WASHINGTON, April 18.—The internal revenue officials positively decline to make public any statement in regard to income tax returns or to answer any questions relating thereto. It is learned that the real cause of this reticence is the great number of blunders made by the collectors in their telegraphic reports. Who is blameable for this state of things is not stated, but the result is that from what has been received no intelligent estimate can yet be given of the number or amount of the returns filed with the collectors. It is undoubtedly true that a large percentage of the number of persons subject to the law have made no return at all, and in consequence the officials see ahead of them a vast amount of litigation and trouble.

Fighting for Her Children.

CHICAGO, April 18.—A strange case came up before Judge Kohlsaat in the probate court yesterday afternoon. Mrs. Regina Lingle made an application for the removal of her daughter from the guardianship of her own children. The two children, Ruth and Whiting, are entitled to the income from a fund left by their grandmother, now amounting to \$60,000. Mrs. Whiting denied that the society was in the slightest degree an immoral one, and said that her children were given the best of care. Miss Annie Aiken, formerly a member of the colony, gave damaging testimony against the morality of the colony. The case will be bitterly fought.

Minister De Lome Investigating.

WASHINGTON, April 18.—Senator Murrough, the Spanish minister, received a dispatch from Senator De Lome, the new minister to the United States, now at Havana, stating that he would arrive in Washington April 25. De Lome's arrival at Havana marks the opening of Spain's official inquiry into the Alliance incident. Senator De Lome has already visited Guantanamo and Santiago de Cuba, but at Havana he will see the commander of the Spanish gunboat which fired on the Alliance and the other parties having information on the subject.

Justice Jackson Ready for Duty.

NASHVILLE, April 18.—In a published interview Associate Justice Howell E. Jackson, of the United States supreme court, says: "I wrote a few days since to the chief justice, simply expressing my willingness to go to Washington and make a full bench in case the court decides a rehearing of the income tax cases at this time of the court. I have heard nothing since then." Judge Jackson is improving and growing stronger daily, and expects to go to Washington when the court meets in October.

Charged with Incendiarism.

TORONTO, April 18.—As the result of a recommendation contained in the verdict of the coroner's jury at the inquest to ascertain the cause of the recent Simpson fire, which entailed a loss of about \$1,000, Alexander McKee and Joseph Sprott have been arrested. At the time of the fire Sprott and McKee were employed with the Holmes Protection Police and Fire Patrol company, but were suspended by the company's manager when the coroner's jury returned the verdict.

Held Up in Broad Daylight.

BRIDGEPORT, N. J., April 18.—Two masked men, in broad daylight, held up Walter Cresce and Joseph Carmon and robbed them of \$5. They were driving along the outskirts of town. The robbers emerged from a thicket, jumped in their wagon and with revolvers at their heads robbed them. John Harmon, Nicodemus Brown, John Brown and John Allison, colored, are under arrest as the highwaymen who have been holding up pedestrians.

Nicaragua's New Ministry.

WASHINGTON, April 18.—United States Minister Baker, at Managua, has informed the state department of the formation of a new cabinet in Nicaragua on April 1 last. The composition is as follows: Minister of foreign affairs, Senator Don Manuel Caron Matus; war, marine and public works, General Ruben Alonzo; interior, General Francisco Balladros Teran; finance and public credit, Senator Don Santiago Callejas.

Cuban Rebels Again Routed.

MADRID, April 18.—An official dispatch from Havana says that Colonel Rehevaria, commanding a government force, had routed the rebel band led by Miro, killing one and wounding several of the insurgents. None of the Spanish troops were injured. The dispatch adds that perfect quiet is now reported throughout the island, except in the eastern province.

THE JAPANESE VICTORY.

Its Effect Upon the Politics of European Nations.

THE OCCUPATION OF PORT ARTHUR

Japanese Control of That Stronghold Is Only Temporary, and the Nations Will Therefore Have No Cause for Intervention on That Score.

TIENSIN, April 18.—Japan's occupation of Port Arthur is temporary, thus securing China's integrity on the mainland of Asia after a term of years, and avoiding the possibility of European intervention.

The latest reports concerning the war indemnity to be paid by China to Japan place the amount at 200,000,000 taels of silver. The tael is not a coin, but a weight, and consequently varies according to the price of silver. In Peking at present one tael is equal in value to one and a half Mexican silver dollars, or seventy-five cents in American gold. At this rate the indemnity of 200,000,000 taels is equal to \$150,000,000 in American gold. The silver, in large transactions in the east, is put up in the form of bullion, or ingots, each ingot containing silver to the amount of from twenty to fifty taels. The indemnity is to be paid in five yearly instalments.

LONDON, April 18.—A dispatch to The Times from Hong Kong says it is reported that the cession by China of the Island of Formosa to Japan dissatisfies the British there. The dispatch adds that the Chinese soldiers threaten to kill their commanders if the island is ceded.

A Berlin dispatch says in reference to the Chinese edict that the import duties at the open ports shall not exceed 5 per cent., that a commutation duty of 2 per cent. on the original cost of imports into China represents, to all intents and purposes, a differential duty against Europe in favor of Japan.

Editorially The Times says it presumes that the independence of Corea really means a more or less thorough Japanese protectorate. It adds that when the exact terms of the treaty are known European diplomacy will probably make a show of considering them, but if the Japanese refuse, as they presumably will, to listen to diplomatic exhortations, it is difficult to conceive that any more effective interference with their plans need be seriously apprehended.

A dispatch from Vienna says it is unusual to combine a treaty of peace with a treaty of alliance, and it is probable, therefore, that a separate treaty, not destined for publication, has been signed by the Japanese and Chinese representatives. Whether or not this treaty takes the form of an offensive and defensive alliance matters little, since it is known that Li Hung Chang has always wanted to open his slumbering country to European civilization. It is not likely that he would let slip such an opportunity of doing so with the aid of the Japanese.

A dispatch to The Daily News from Berlin says The National Zeitung declares that all nations interested in commerce in China must lose no time in protecting their interests against a treaty which will completely paralyze European competition as against Japan. The dispatch adds that all the papers agree that in regard to the territorial concessions Russia has the first voice.

Clever Postoffice Swindler Captured.

CHICAGO, April 18.—William Hansen, a truckman at the Dearborn Street Railway station, was arrested at Elgin yesterday. Hansen's night duties at the railway station consisted of handling the mail pouches. He would take a handful of letters from a pouch, and especially those addressed to postmasters, and extract the money advice orders. He would then search the pouch for all letters addressed to parties whom the advice named. Taking those letters he would wash off in chemicals the amounts named in the advices and the orders, fill in a higher figure, make the money orders payable to some one else, and have identification waived. The advices he would remit to the post-offices.

A Leading Cyclist Killed.

NEW YORK, April 18.—Robert Center, one of the best known men in the social life of this city, died in Roosevelt hospital from the effects of an accident received while riding his bicycle on the Western boulevard, when he was knocked down and run over by a passing coal wagon. His skull was fractured at the base and the bones in his neck were broken. Frederick Winkel, the driver of the coal wagon, was arrested. Mr. Center was the first to introduce bicycles into this country, bringing the first of the wheels from France.

Fell from a High Cliff to Death.

NORHAMPTON, Mass., April 18.—The body of Arthur M. Sealey, 25 years of age, son of President Sealey, of Smith college, was found by a searching party on Mount Tom. The body was at the bottom of a cliff a hundred feet high. It was evident that Sealey had struck directly on the crown of his head. He was probably walking along the precipice, where the path is near the edge and made a misstep. It was perfectly familiar with the spot, and must have been careless or slipped on the damp earth and leaves.

A Jealous Lover's Double Crime.

CLEVELAND, April 18.—Alexander Turk, 25 years of age, called at the residence of his sweetheart, Miss Julia Fallon, and fired three shots into her body and then turned the weapon upon himself. The murder and suicide were both committed without witnesses. Death came to each instantly. Jealousy is supposed to be the cause of the tragedy.

Policeman Charged with Burglary.

CHICAGO, April 18.—Charles M. Poole, a police officer, has been suspended from duty pending an investigation of his connection with a well organized gang of house breakers and burglars who have committed several big crimes lately. It is alleged several of the gang are business men who acted as "fences."

GREAT EXCITEMENT ABOUT NOTHING

A Port Jervis Man Falls in a Fit, the Cry of Hydrophobia is Started and Half the Town Goes Wild—An Officer Beaten by the Mob.

A young man named Charles Cronk while wrestling in Port Jervis, Tuesday evening, was seized with convulsions of a hysterical nature, to which he is subject when greatly excited. A crowd collected, and some body started the report that the young man was suffering from hydrophobia. Half a dozen men threw the poor fellow upon the sidewalk and sat upon him.

The excitement increased, and finally an officer appeared and attempted to make his way through the crowd, but was knocked down and kicked and beaten. One man struck the officer so hard that he broke his own hand. It was not until Cronk had recovered from the fit that the people recovered their senses.

"A FATTED CALF."

Saturday Night's Attraction at the Casino

Just think, this is Easter week, and after fasting for forty days along comes "A Fatted Calf" for you to feast on, and it is said it is just as fat as it can be with the best comedy scenes and lines that were ever put together by its author, William Gill, and you all know what great successes his "Adonis," "My Sweethearts," "Old Jed Prouty," "Mamezel," etc. were. Well, if the Casino Theatre is not packed on Easter Saturday, April 20th, to see this latest and best success, I will miss my guess. The company is one of the best comedy companies on the road. Altogether it will prove a rare treat for our theatre-goers, and could not come in a better time.

—By the looks of many farmers, hay mow is it time for grass, but as the season is about two weeks late it will be the cause of hay selling at very good prices before grass comes.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. PERFUMED COPY.

Why "Argus" Compositors Like to Set Type for the Woman's Edition.

The Argus compositors, who have already begun work on the woman's edition, have had a new experience, perfumed copy. They quite like it and take so kindly to this bit of feminine daintiness that they look down on the compositors in the other offices who "are not used to luxury." The boys are becoming such connoisseurs in scents that last night one of the devils made a row because his associate in iniquity was given a bit of copy perfumed with violet, while he had to take up with a sheet that was redolent with new mown hay, which he averred was "too rich for his blood."

—Two dances were given by the colored people in Goshen, last night, one being held in Sayer's Hall and the other in Purdy Hall. Both were well attended. The cake walk announced to take place at Prof. Henderson's dance in Sayer's Hall was declared off. The remainder of the programme, however, was carried out successfully.

—Mr. John L. Ruten and Miss Laura H. Conklin, both well known young people of Goshen, will be married, this afternoon, at the residence of the bride's parents, Mr. and Mrs. Daniel Conklin, in East Division.

Williams-Fowler.

Mr. Richard R. Williams and Mrs. Mary Fowler were married at the rectory of Grace Church by Rev. David Evans, at 8:30 o'clock, last evening.

Immediately after the marriage they were driven to Waalkill Engine house, where they gave a reception to about 125 friends. Mr. Williams is a member of Waalkills and he and his bride are both attendants at the State Hospital, and the members of the company thought it was the proper thing to tender them the use of the parlors for the reception, which generous offer was gladly accepted.

After receiving the congratulations of their friends, refreshments were served by the Ladies' Auxiliary of Waalkills, and then dancing commenced and was kept up until 1 o'clock, this morning.

Mr. and Mrs. Williams received a number of valuable presents, among them being a handsome rocker from Waalkills.

Mr. Williams is a native of Waterville, N. Y., and has been connected with the State Hospital for the past five years.

Mrs. Williams came here from Andes, Delaware county, in 1892, and for the past two years has been in charge of the third hall in pavilion No. 1.

Mr. and Mrs. Williams will continue in their present positions at the hospital.

IMPROVED SLEEPING CAR BERTH.

The Invention of a Former Middle-towner.

Mr. W. D. Downs, of Denver, formerly of this city and a brother of Rev. Geo. W. Downs, has been granted a patent upon an improved sleeping car berth which, says the Denver News "promises to make Pullman turn green with envy." By an ingenious contrivance he provides space in front of the seats in a berth, so that a passenger has ample room for undressing and also is enabled to place his clothes in a drawer under the seat. The mattress is provided with a flap, which is an important adjunct to the mattress as it is now used.

HAD PERRY ON HIS ENGINE.

How Fireman Ward Edwards, of the O. and W., Lost \$2,250.

Fireman Ward Edwards, of the O. and W., has had to stand no small amount of good natured chaff from his fellow employees during the last few days. He had train robber Perry on his engine at Weehawken, Sunday night, and only found it out after he had "fired" him from the engine, when Perry began to get obstreperous. Then the thought flashed upon him that he recognized his man and the reward of \$2,250 offered for Perry's capture loomed up before him and he made a hunt for the man. His hopes were dashed to the ground for Perry had quickly disappeared, and Ward to failed to find him.

Rev. Sam Jones on Colonel Ingersoll.

"His power to attract lies in his ability to shock. He is the devil's dynamo," is the startling characterization which the Rev. Sam Jones gives of Ingersoll. Mr. Jones was always up to date in his similes and believes that these, like almost every power nowadays, should be derived from electricity. —Boston Journal.
